

## **Charleston Area Men's Interclub Golf Association**

### **Spring Board Meeting, April 20, 2011**

**Attendees:** Steve Windich, Al Byrd, Ken Ward, Randy McDaniel, Steve Radin, Tom O'Halloran, Jim Delaney, Jim Lamm, Jim Thompson, Marty Lindusky, Terry Newman, Jack Heidenreich, Roger Schroeder, David George.

**Absent:** J C Gaillard

- Minutes from the Fall 2010 meeting were received and approved
- Al Byrd reported that the scorecards have improved since we implemented the tray program. He asked that all rosters be sent to him on the appropriate form by the Thursday prior to the match.
- Terry Newman reported that we are in good financial shape with a current balance of \$1640. His projection for the year is that we should have approximately \$3000 in our account at the end of the year which will enable us to give our charity \$2500, but the actual amount will be determined at our fall meeting.
- Ken Ward reported that each match will be started with the instructions that players should hit their ball first before looking for another player's lost ball. He will remind players to replace the closest to the pin marker and put it behind the hole. We will continue to lift, clean and place within one club length in the fairway. He requested that the club provide a list of players in alphabetical order to assist in finding the appropriate carts. Balls should be provided on the practice area. Each Director should make sure that we have boxes for the score cards. If the club does not have them, contact Ken or Steve Windich and they will be provided. Directors should make sure that their pro knows that we want A, B, C, and D players in each foresome where possible.
- There was no old business to discuss
- A discussion was held to determine the charity for 2011. A presentation was made by Dawn Miles on behalf of Community Impact for Christ Inc. (CIFC). She left us with their brochure and a description of their work. She was invited to the meeting by Tom O'Halloran of Wescott. David George proposed that we once again consider Palmetto House as they are up and running again and have an agreement with Crisis Ministries to oversee them. After discussion, a vote was held and it was determined that CIFC would be our charity for 2011.
- Ken Ward made a motion to eliminate all meals from our schedule in 2012. This led to a discussion of the pros and cons of having these meals. Terry Newman made a motion to

delay the vote on meals until the fall meeting and this motion passed. The motion to eliminate meals was tabled until the fall board meeting.

- It was agreed that the host club Director would provide a ‘runner’ to bring the scorecards from the scorer to the shingling area.
- Directors were surveyed to find out if they had any concerns. There were comments about the length of time each match takes but there was no clear consensus on how to correct it. We all have to realize that 130 golfers will take around 5 hours to play. Some clubs still are complaining that we don’t pay them enough but we will leave our payment as is for the time being. There were some comments regarding the discrepancy between how fast a player’s points go up and how slowly they go down but there was no decision to change our rules at this time.
